

Press Release

COO of AutoForm Decided to Step Down

Wilten b. Wollerau, Switzerland, October 7, 2019: AutoForm Engineering GmbH, the leading supplier of software solutions for the sheet metal forming industry, regrets to announce the resignation of Dr. Detlef Schneider as the company's Chief Operating Officer.

Dr. Schneider has decided to step down from his position at AutoForm in October to take on a new professional challenge. He has been at AutoForm since May 2017, when he took on the position of Chief Operating Officer, responsible for global operations. Over the past two and a half years, AutoForm has benefited greatly from his expertise and profound knowledge of the industry.

"I would like to thank Dr. Schneider for his valuable contribution and strong commitment to AutoForm. We regret his decision and wish him all the best in his future endeavors", said Dr. Waldemar Kubli, CEO of AutoForm Engineering GmbH.

About AutoForm Engineering GmbH

AutoForm offers software solutions for the die-making and sheet metal forming industries along the entire process chain. With over 400 employees dedicated to this field, AutoForm is recognized as the leading provider of software for product manufacturability, tool and material cost calculation, die face design and virtual process optimization. All of the Top 20 automotive OEMs and most of their suppliers have selected AutoForm as their software of choice. Besides its headquarters in Switzerland, AutoForm has offices in Germany, The Netherlands, France, Spain, Italy, Czech Republic, Sweden, USA, Mexico, Brazil, India, China, Japan and Korea. AutoForm is also present through its agents in more than 13 other countries. For detailed information please visit: www.autoform.com
